

Additional Gaffes Made by Joe Biden

by Baron von Funny

Earlier this week, Vice President Joe Biden was overheard saying "This is a big fucking deal!" to President Barack Obama during a live TV event announcing the passage of the new health care bill. It was simply another in a long line of verbal blunders by Biden, who once told paraplegic Senator Chuck Graham to "stand up," and just recently on St. Patrick's Day asked for God's blessing for the "late" mother of the Irish Prime Minister, a woman who was not actually dead. And the list of gaffes doesn't end there...
