

### Special Features of Ground Force One

by Baron von Funny

During President Obama's recent three-day speaking trip across the Midwest, he traveled in a high-tech, heavily-armored luxury bus that was dubbed "Ground Force One." No reporters have been allowed to get a look inside yet, so we are left to make our best guesses as to what special features it has...

#### Special Features of Ground Force One

—Sweet Xbox 360 that actually controls predator drones in Waziristan. *(Joe)*

—Gas-free green design that allows it to run on the disappointment of those who voted for Obama. *(Mike)*

—A baccarat table and a wine cellar (the croupier and the sommelier represent the two jobs the U.S. economy added this month). *(Jameson)*

—An original oil painting of Alex Rodriguez spanking it to a picture of Coretta Scott King. *(Matt)*

—Keanu Reeves is always on hand, just in case any shit goes down like in that movie of his, *The Lake House*. *(Brandon)*

—A portable DVD player to keep David Axelrod from getting fussy in the backseat. *(Tenessa)*

—Kick-ass T-shirt cannon. *(Joe)*

—Untraceable phone that allows Obama to prank order ethnic take-out food to Rick Perry. *(Mike)*

—Ability to transform into a robot that writes really terrible Michael Bay movies. *(Jameson)*

—The nicest, most tastefully appointed glory hole you will ever see in your life. *(Matt)*

—Special glasses – like the ones "Rowdy" Roddy Piper had in *They Live* – that allow the wearer to pick out the "real Americans." *(Joe)*

—Weapons settings include Warn, Stun, Kill, and Glenn Beck *(Mike)*

—Engine runs on rich people's hard-earned wages while the tailpipe spews out food stamps and welfare checks. *(Jameson)*

—The Presidential toilet is lined with a picture of Mitch McConnell, with his open mouth serving as the exit hole. *(Matt)*

—Tuesday is Sloppy Joe night! *(Brandon)*

—State-of-the-art Gaydar. *(Joe)*

—A panic room for the times when Joe Biden tries to get on the bus. *(Matt)*

—Soundproof design still fails to completely shut out Michele Bachmann's voice, but they are working on it. *(Mike)*

—Not one, but TWO Snoopy Sno-Cone Machines! *(Tenessa)*

—Instead of water, all onboard faucets dispense delicious au jus sauce. *(Brandon)*

—The couch cushions have automatic air suction for those times when Obama is finally able to let out a fart, only to have a staffer suddenly walk into the room. *(Matt)*

—It's about 20% bigger than the other candidates' buses. (Not because it's black; because it's custom built for the Secret Service. Don't be crude.) *(Jameson)*
