

### **Additional "Facts" Michele Bachmann Would Like You to Know Before She Leaves Office**

by Baron von Funny

Minnesota congresswoman Michele Bachmann announced this week that she will not seek reelection in 2014 when her current term of office expires. Bachmann, who briefly ran for President in the 2012 Republican primary, is infamous for her tendency to make outrageous and/or factually incorrect statements, such as suggesting that the HPV vaccine causes mental retardation, claiming that the American Revolution began in New Hampshire, and arguing that Obamacare would "literally kill people". Now that her access to the media may be drying up, there are a few more things she's like to share with the rest of the country...
