

### Surprises Found in the New Avengers Sequel

by Baron von Funny

*Avengers: Age of Ultron* hits theaters this weekend as one of the most anticipated movies of 2015. But advance screenings have indicated there are a few surprises in the new film...

#### Surprises Found in the New Avengers Sequel

- All of the Avengers are voting for Ted Cruz. (*Jameson*)
- Ultron announces that he is transitioning into a lady robot. (*Joe*)
- Who saves the day? You guessed it, Paul Blart: Mall Cop. (*Mike*)
- Turns out the title is far more literal than you'd expect, as the whole thing is just 141 minutes of the Avengers trying to guess Ultron's age. (*Brandon*)
- The amount of times Wolf Biltzer appears as an extra. I mean, c'mon, we all know what he looks like. You can't show him getting blown up in a train and then have him playing one of the doctors at the hospital the very next scene! (*Matt*)
- They team up with the Harlem Globetrotters! (*Dan*)
- Is being screened in 3D, but was originally shot in 14D. (*Jameson*)
- The group is nearly torn apart when it is revealed that Black Widow is actually a white lady who has never had her husband die. (*Joe*)
- Even with all the computer-animated effects, Ultron is just James Spader in a grey body stocking with blinky lights glued to it. (*Jameson*)
- Ends with newest Avenger Lavid Detterman stabbing his evil arch enemy Lay Jenó. (*Mike*)
- Captain America is joined by two other similarly named heroes, Admiral Jamaica and Lance Corporal Uruguay. (*Joe*)
- No nudity, but non-stop racial slurs. (*Jameson*)
- The other Avengers just start openly referring to Hawkeye as "Ringo." (*Joe*)
- Crass product placement has Hulk's catchphrase altered to "Hulk SMASHBURGER!" (*Brandon*)
- Soundtrack features nothing but the near-constant blaring

of Lou Bega's "Mambo No. 5." (*Joe*)

- Most of the problems in the USA of Marvel's universe? Caused by gay marriage. (*Jameson*)
- Prepare to be disappointed, because once again Iron Man doesn't iron a fucking thing. (*Joe*)
- After destroying D.C. in the opening battle sequence and subsequently being shut down by the President, the Avengers open a feed and seed store in Waterloo, Iowa. I want to say there's more than that, but there's not. (*Matt*)
- Stan Lee makes his customary two-second joke cameo, this time playing presidential hopeful Hillary Rodham Clinton. (*Jameson*)
- Tired of shredding his clothes every time he transforms into the Hulk, Bruce Banner starts wearing nothing but Spanx. (*Joe*)
- The whole Ultron imbroglío could've been prevented if corporate had approved the \$9 homicidal-maniacal-killbot-override button the engineers proposed at the very start. (*Jameson*)
- Though the cause of the damage and destruction – a sentient cyborg hell bent on the eradication of the human race – is pretty cut and dried, at the end of the movie Fox News blames Obama and MSNBC blames rich people. (*Joe*)
- Thor was dead the whole time. (*Dan*)
