

Other Names Considered for the East Coast Winter Storm Besides "Bomb Cyclone"

by Baron von Funny

In anticipation of a major winter storm featuring 40-60mph winds, 6-12 inches of snow, and freezing temperatures hitting the East Coast, meteorologists have been using the term "bomb cyclone" to describe the weather phenomenon. But that was not the only name under consideration...

Other Names Considered for the East Coast Winter Storm Besides "Bomb Cyclone"

- Meteorological Cock Punch (*Joe M.*)
- Snow Manâ€™s Land(*Jameson*)
- The Nor'easter That's Gonna Kick Your Keister (*Brandon*)
